PLACID HOTEL ZURICH

PLACID HOTEL DESIGN & LIFESTYLE ZURICH

A place for cosmopolitans, for business travellers, for connoisseurs. A hub for countless threads that converge here and separate again. Urban lifestyle, modern design, genuine encounters. Deeply rooted in the Altstetten district - and yet open to the world.

Based on the urban architecture of the surrounding area, built from a single mould. Exposed concrete, oak wood, clay plaster and glass set an example of honest, timeless design.

40 metres high, the view can wander far over Altstetten and the sights of Zurich. The hotel rooms, located on the five top floors, also offer a wonderful view.

Whether in the lobby, the lounge or the garden restaurant: everywhere you go you meet people with different goals and motivations. Hotel guests, business people, neighborhood residents. An urban mix - our vision of modern coexistence.

From seminars and workshops to product presentations or banquets: our rooms are suitable for every occasion.

From 30m² - 173m² - from the ground floor to the 7th floor. Due to the diversity of our rooms, you will find something suitable for every occasion.

All rooms have free Wi-Fi and the latest technology. This makes the Placid Hotel the ideal event and seminar hotel in Zurich.

Contact us by e-mail at event@placid.ch or by telephone under 058 204 90 90.

COVID – 19 Information

The safety and security of our guests and staff is our top priority at all times. Due to the ever-changing situation in the wake of the coronavirus (COVID-19), we offer security and the highest flexibility for our guests. The Privathotel Placid Hotel Zurich is an operation of the Diakonie Bethanien and has been using the high cleaning and hygiene standards as applied in our hospital and care facilities since its inception.

The following measures will make your event a successful one despite this special situation:

Masks and disinfectants	Distribution of hygienic protective masks and gloves Disinfection dispensers for guests at the entrances and in high-traffic areas Hygiene hooks available at the reception desk
Intensified cleaning	Increasing the cleaning intervals in the public areas Use of medical disinfectants and reprocessed cleaning cloths Additional disinfection of the most frequently touched areas such as light switches and door handles
Contact Tracing	Digital contact tracing by means of contact data capture via QR code
Supply air	All our rooms and seminar rooms can be ventilated at any time
Clinical thermometer and climate meter	We provide you with a climate measuring device (CO2, temperature, humidity) and a clinical thermometer. On request also with our hostess service.
Employees	Employees receive regular instructions and improved operating protocols Improved security to protect employees through protective clothing, training and measures Emergency response plan to be able to react quickly in the event of a coronavirus illness
